Mackenzie, R Tait April 1914

290

April 24th, 1914

Dr. R. Tait Mackenzie,

Director of Physical Education,

University of Pennsylvania.

Dear Dr. Tait Mackenzie:

Many thanks for the portrait of the medallion and also of the Franklin statue which is to be unveiled next June. I congratulate you on both. It is few men who have the privilege of practising a profession and at the same time attaining such distinction in another walk of life. It must be a constant pleasure to you to be able to exercise your artistic talents in this way. We look back with great pleasure to your visit the week before last.

Yours sincerely,

President.
